POLICE DEPARTMENT REPORT

As you know all too well, the town's Police Department has gone through numerous changes since last March. Therefore, it is with great difficulty I present you with last year's summation of the activities of the Grantham Police Department and also a budget for the ensuing year.

1975 Activity Summary

Complaints	32
Arrests and summons	5
Warnings	6
D. E. Tags	4
Court appearances	5

Complaints—Recorded for the year were used for two main purposes. First, to record the problem or situation which brought about the complaint, and secondly, a means of keeping an accurate log time of the officer investigating the complaint.

Written warnings—Are kept on file as with the complaints and verbal warnings recorded on an officer's summary on the reverse side of the complaint forms.

Court appearances—And arrests do not correspond, although the totals for the year are the same. One arrest does not mean a court appearance. On the other hand, one arrest can result in more than one court appearance, as was this case.

The efficiency and reliability of the Grantham Police Department was increased greatly in October by the purchasing of a portable hand radio. This unit was obtained through Federal funds and was not a factor in the 1975 budget. Now both officers can stay in constant contact when answering an emergency call. I might also add that funds such as these are readily available for other such equipment and should be taken advantage of.

The 1975 budget appropriated was short of a little over \$500. This was due primarily to an increase in activity from '74 to '75.

The following is an outline for activity for the ensuing year.

Patrolling—Will not become a steady practice for the Department. It will be done, however, on a periodical or need-to-be basis. I believe that the town has not come to the stage where it needs constant police surveillance, therefore, I have not appropriated money for such a practice.

Department members—I will not appropriate a salary for a second deputy. I feel that the Department can run more smoothly and efficiently with two men rather than with a third. Any additional assistance can be obtained through the State Police or surrounding towns, both of which have been very cooperative in the past.

Court time—Will try to be kept to a minimum when at all possible. I will try to have as many cases that I can be handled by the State Police. This is primarily because of my full time job which would interfere, and secondly, cost to the town.

Training—I believe should be included in the budget, and I have figured it under equipment. A Criminology course on all aspects of police duties would be very useful and practical.

After reviewing last year's budget and the great increase in activity, I will propose the following budget. I will also break down some areas of the budget I feel need special attention.

Yearly Salary, Chief	\$ 300.00
Yearly Salary, Deputy	200.00
Complaints, Patrol	1,000.00
Supplies and Equipment	300.00
Mileage	600.00
	<hr/>
	\$ 2,400.00

Complaints and Patrol—Is money spent when an officer is called out or on patrol time. The figure \$1,000.00

breaks down to about 12 to 13 hours per man per month, which is about the same as last year's monthly average.

Supplies and Equipment—Will include lights for cruiser, training, first aid equipment, emergency road equipment, uniform items, and bookkeeping or office supplies.

Mileage—Will include along with personal car use, cruiser maintenance; such as oil changes, filters, snowtires, and labor. It will also include registration, inspection, and insurance of the cruiser.

This budget, I believe, will adequately cover the expenses of the Police Department for the year. I will gladly discuss any part of this budget which you may feel needs special attention. I might also add that any Bicentennial activities that the town is planning for this year has the full cooperation of the Police Department and in conclusion, any help or assistance needed for these activities will be donated by the Department at no charge to the town.

Respectfully submitted,
MICKEY H. PILLSBURY
Grantham Police Dept.

REPORT TO TOWNS

Upon the recommendation of town selectmen and city councils, the Division of Forests and Lands appoints a forest fire warden and several deputy forest fire wardens in each town and city every three years. The town or city warden is responsible for maintaining a force of men and adequate equipment to suppress any wildfire that occurs in his town or city during his term of appointment. The fire warden must authorize all open burning when the ground is not covered with snow. No open fires can be authorized between 9 a. m. and 5 p. m., unless it is raining, without the additional permission of the state district fire chief.

Any person wishing to kindle an open fire when the ground is not covered with snow must first obtain the written permission of the forest fire warden. Camp and cooking fires also require the warden's permission.

The Division of Forests and Lands, through its Forest Fire Service, assists all cities and towns in meeting these requirements by training the warden and deputy forces in wildfire suppression tactics, making hand tool suppression equipment available at fifty percent of cost, supplying pieces of Federal excess property for use as fire attack vehicles and sharing up to fifty percent of the cost of wildfire suppression costs.

Wildfire prevention is also a joint state, city or town program. Smokey Bear is available from the Forest Fire Service for local fire prevention programs. Posters and Junior Ranger kits are available for distribution by local fire departments upon request to the Forest Fire Service. Each forest fire warden is expected to carry on a continuous wildfire prevention program within his town or city.

This year and the next is bringing many changes in the library. There is a possibility of changing the library hours to make the times more convenient to the public. We have begun to weed out books and to update the Dunbar Library books by adding paperbacks and current adult fiction. We have been adding children's books both picture books and reading books. The school children borrow books in the warmer weather. We have seen an increase in circulation and we hope to continue seeing an increase.

CRUISER — YES OR NO

The voting on a police cruiser for the town will appear on a separate article from the Police budget. As acting Chief since September, I feel the need for a cruiser now more than ever. I admit at first I thought the town could get along without one. However, the times have changed, and I would like to express my personal feelings why the Department needs one.

The town of Grantham is entitled to the same service and protection from its Police Department as any other town. I believe that with the increase in activity in town it is neither fair for the townspeople nor the Police Department to depend upon the officers personal cars in an emergency. A police cruiser is an important vehicle in most any emergency situation as is an ambulance, fire truck, or wrecker, and I believe needs to be treated as such.

It is my personal belief that the purchasing of a police cruiser would complete the needs of the Department at this time and in years ahead.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

SUPERVISORY UNION #32

What is Supervisory Union #32?

Under powers granted by the legislature, the New Hampshire State Board of Education combines local school districts into a Supervisory Union under the administration of a Superintendent of Schools. The Superintendent of Schools, Assistant Superintendents, and Business Administrator are state employees nominated by the local school boards and elected by the State Board of Education. The Superintendent is responsible to both the appointed State Board and the elected local boards. The Superintendent's duties include:

1. Enforcing the rules of the local school boards, the regulations of the State Board, and all laws relating to education.
2. Directing and supervising the work of all school district personnel.
3. Nominating all school employees.
4. Providing materials and supplies for the operation of schools.
5. Maintaining personnel and financial records.
6. Removing employees for incompetence, immorality, or insubordination.

Supervisory Union #32 is composed of the school districts of Grantham, Lebanon, Mascoma and Plainfield. The total enrollment of the Supervisory Union is approximately 4,000 students. In the school year 1975-76, Supervisory Union #32 is administering combined local, state and federal budgets exceeding 4.9 million dollars. Supervisory Union #32 is the fourth largest employer in the area exceeded only by Dartmouth College, Mary Hitchcock Memorial Hospital, and the Veteran's Administration.

SUPERINTENDENT'S REPORT

Grantham Village School

Under the leadership of Patricia Slosar, the Village School has become a bright, clean, pleasant place to learn. I am proud of the teachers at the school. They have worked hard to provide quality education. With the support of the School Board and the help of the entire community, the Village School has become a center of community activity and a source of community pride.

I am extremely proud of the steadily growing participation of Grantham students in programs at the junior and senior high schools. The fifth and sixth grades are participating in the recreation program at the junior high school. In other activities, we are all extremely proud of the excellent performance given by Susan Day as one of the dancing, singing seamstresses in the musical, "Oliver!"

This year will be a particularly important one in the history of the Grantham School District. You are being asked to take the first steps toward acquiring the land needed for future school and town facilities. Suitable land, centrally located with good subsoils, is scarce and expensive; however, the "Future Needs Committee," under the leadership of Kenneth Barton, has used the services of the soil scientists from the Sullivan County Conservation District to determine the best site for future school and town use. A good building site of ample acreage is a wise investment for the future of Grantham.

Respectfully submitted,
DANIEL J. WHITAKER
Superintendent of Schools

ANNUAL REPORT OF GRANTHAM SCHOOL

1975—76

Introduction:

This report seems difficult to pull together, and put into words, not because of time or other concerns, but because so much has taken place since the last annual town report. It becomes hard to choose what should be included and what must be left out. So, over the next few paragraphs, I have attempted to pinpoint some highlights, concerns, and happenings of Grantham School. For everyone reading this report, I can only say there is deep gratitude for all who have in any way helped the staff and children of Grantham School experience such an exhilarating year.

1. Physical Plant

The building itself and the contents thereof, after the extensive renovations of the 1974-75 year, have pretty much remained stable and in good upkeep under the able and willing efforts of Fred Reney who replaced Michael Benoit as janitor.

Recommendations for the future:

That the exterior of the building be repainted. That adequate electrical repair be done to insure the safety of the building and the staff and children who use it.

2. Staff

A. Continuing

Three out of four staff members from the school year 1974-75 returned. These members are: Miss Carolyn Edwards—Kindergarten through Grade 2; Mrs. Diane Rochford—Reading Teacher; Miss Patricia Slosar—Grades 5 and 6, as well as Head Teacher. We owe them many thanks for their dedication and service to the educational needs of the Grantham children.

B. Additions

To staff the third and fourth grade room, Mrs. Kathryn Reuell was hired, and at the point of this report, all we can say, is that she is a marvelous addition to the school.

3. Curriculum

Basic skills, such as reading, math, spelling, and language arts are being maintained and constantly improved, through the individual conscientiousness of each staff member as well as many cooperative efforts.

Significant areas of growth are in our speech and language areas. Through Supervisory Union #32, we have the services of Mrs. Polly Stimson two days a week for any child experiencing learning difficulties in that area.

The Kindergarten has expanded in both length of time and variety of materials and experiences available.

The supplementary and enrichment aspects of curriculum have been enlarged by the 5th and 6th grades participation one afternoon a week in the Lebanon Junior High's activity afternoon. This includes many physical education activities. We are also fortunate enough to have access to the facilities of Eastman Pond Community Association, and have begun a limited swimming program.

Field trips are still providing a widening background of educational experiences, whether they be to the Boston Museum of Science or the Newport Library. In warm weather, Dunbar Library, under the guidance of Mrs. Linda Moore, will be easily available to the students.

4. Student Enrollment

A. Present Enrollment—1975-76

Total number of students: 45—22 boys, 23 girls

Grade 6: 8 students—5 boys, 3 girls

Grade 5: 7 students—2 boys, 5 girls

Grade 4: 7 students—3 boys, 4 girls

Grade 3: 4 students—3 boys, 1 girl

Grade 2: 6 students—3 boys, 3 girls

Grade 1: 7 students—3 boys, 4 girls

Kdgtm.: 6 students—3 boys, 3 girls

B. Anticipated Enrollment—1976-77

Total number of students: 46—21 boys, 25 girls

Grade 6: 7 students—2 boys, 5 girls

Grade 5: 7 students—3 boys, 4 girls

Grade 4: 4 students—3 boys, 1 girl

Grade 3: 6 students—3 boys, 3 girls

Grade 2: 7 students—3 boys, 4 girls
Grade 1: 6 students—3 boys, 3 girls
Kdgtn.: 9 students—4 boys, 5 girls

From slight, but significant, growth patterns of numbers indicated in the lower grades, it would be recommended that: We consider what directions we would like to go in terms of the kindergarten program? What building plans we should be considering for the future?

5. Health and Nutritional Provisions

A. Health

Mrs. Kathleen Brown is working closely with the staff in taking care of the common health needs of the children, such as sight testing, hearing testing, etc. We are glad to have her services available to us.

B. Nutrition

Mrs. Terry Davis has seen that our meals are ample and delicious. Both hot and cold foods are available daily. In view of the constraints of a hot place, on the variety of a food program, and to some degree, the safety factors involved, the recommendations from the staff would be the acquisition of a complete stove, including an oven. This could also be used in conjunction with numerous classroom projects carried on throughout the year that involve cooking.

6. Transportation

Mr. Dwight Shorey from Lebanon replaced Mrs. Sandra Healy as the bus driver around December. After adjusting to the schedule within the last month, sub-zero temperatures have hampered the smooth running of the bus schedule.

7. Other

I couldn't close this report without mentioning the outstanding efforts of Mr. and Mrs. Robert Holt, Mr. and Mrs. Reg Field, Mr. and Mrs. Miles, Mr. and Mrs. Ed Masone, Mr. and Mrs. Bud Struble and Mr. and Mrs. Pete Gallien who worked so wholeheartedly on the Grantham School Fair of last Spring, and made it the tremendous success that it was. We all all enjoyed and benefited from it so much.

Who can forget the endless hours of toil and trouble

that went into the beginning renovations of our playground? Once again, we are greatly indebted to Norm Beaulieu, Reg Field, Peter Gallien, Emil Hanslin, Robert Holt, Charles Moore, Jr., Tim Price and John Rockwell, and Bud Struble. We understand that the playground will be due for more hands and hours in the Spring when we would like to seed it with a sturdy grass. We hope more people can join us.

And a fantastic Christmas program thanks to Tomie de Paola and his crew from Colby-Sawyer College who worked long and hard with the students. Christmas was complete even to Santa Claus, thanks to Mr. and Mrs. Miles.

Then there is Mrs. Pat Masone, Mrs. Betty Mutney and Mr. and Mrs. John Rockwell, who are coming every week to the school to help small groups of students learn something a little better by an adult giving some of their time and expertise.

There is the school board of Robert Hubbard, Charles Moore, Jr., and Mrs. Jan Struble who have spent endless hours trying to improve everything from maintenance to curriculum at the school. They weren't alone in their efforts, because Daniel Whitaker, Superintendent, and Richard Lalley, Assistant Superintendent, worked with them and gave both their advice and support in so many ways. It is a marvelous experience to work with such a group of fine, and dedicated people.

Recommendations for the future are interspersed in this report, as well as outlined quite plainly in the Town's warrant articles. Hopefully, we may act upon as many as possible.

There aren't enough words to express the deep gratitude to everyone involved in any way with our school. And by the same token, it is hard to find the right words to express the dreams, hopes, and feelings I have for the future of the Grantham School. The best I can say is come and visit us, come and help and talk to us, come and be a part of us, whenever you can.

Respectfully submitted,
MISS PATRICIA SLOSAR
Head Teacher
